SUMMARY

Python Developer with hands-on internship experience and a strong foundation in Python, Django, Flask, AWS cloud services, and SQL. Built a real-world AI-powered web application with a React/PostgreSQL backend, and eager to contribute to innovative teams building scalable backend solutions.

INTERNSHIP EXPERIENCE

Python Developer Intern

Phoenix Softech, No.266, 2nd Floor, Good Shed Street, Madurai - 625001

15 July 2025 – 31 July 2025

Developed Python-based automation scripts and tools to streamline internal workflows.

Handled data preprocessing and analysis using Python libraries such as Pandas and NumPy.

Built and tested Python modules for data processing and backend logic integration.

Collaborated with the team to write clean, reusable Python code following best practices.

PROJECTS

ShopAI – AI-Powered Smart Shopping Assistant (Major Project) Live Demo | GitHub

Technologies: React.js, TypeScript, Tailwind CSS, shadcn/ui, Vite, Google Gemini AI API, PostgreSQL, Edge Functions

Built a React-based web application with a conversational AI interface that processes natural language queries (e.g., "Find Nike shoes under ₹5000") for real-time product search and price comparison across multiple e-commerce platforms.

Integrated Google Gemini AI via cloud edge functions to understand user intent and deliver personalized, context-aware product recommendations.

Implemented voice search using the Web Speech Recognition API, enabling hands-free product discovery in English (India locale).

Developed a complete order management lifecycle including payment method selection (UPI, Card, COD), real-time order tracking with timeline visualization, wishlist management, and order cancellation.

Deployed with a cloud-based PostgreSQL backend featuring Row Level Security for authentication and data persistence, with local storage fallback for offline functionality.

TECHNICAL SKILLS

Cloud: AWS re/Start (S3, EC2, IAM, VPC, CloudWatch)

Programming: Python, JavaScript (Basic), TypeScript (Basic)

Backend Frameworks: Django, Flask, Node.js

Web & Frontend: React.js, Tailwind CSS, shadcn/ui, HTML, CSS, Vite

Database: SQL, PostgreSQL (Basic), MySQL (Basic)

Libraries & Tools: Pandas, NumPy, Git, GitHub, VS Code, Linux (Basic)

AI / APIs: Google Gemini AI API, Web Speech Recognition API, REST APIs

Soft Skills: Quick Learner, Team Collaboration, Time Management, Adaptability

Languages: Tamil, English

EDUCATION

B.E. in Computer Science Engineering

PTR College of Engineering and Technology

CGPA: 7.55

Higher Secondary Certificate (HSC)

Govt Model Her Sec School

Score: 59.50% | 2022

Secondary School Leaving Certificate (SSLC)

Govt Model Her Sec School

Score: 52.20% | 2020

CERTIFICATIONS

AWS re/Start Architecture Core – Amazon Web Services (Validated)

Python Development – Phoenix Softech (Certified, July 2025)

MS Office – Naan Mudhalvan (Certified, 2024)
